## Editing Profile Information

Customer Support - 2020-04-23 - in SeekingArrangement

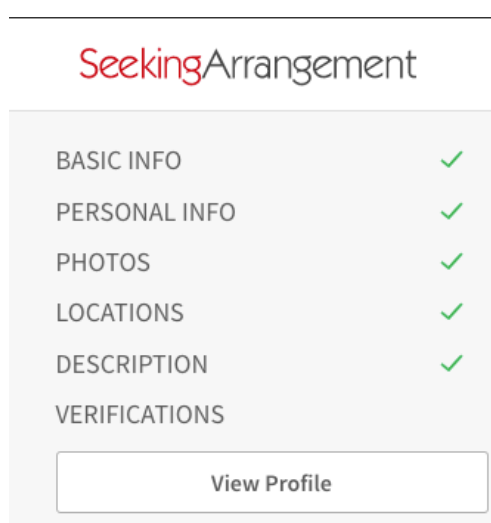

**Your profile information reflects everything about you and what you're looking for in an arrangement!**

After logging in, click on your profile photo at the top-right side of your screen. Select "Edit profile" from the dropdown menu that appears (see image below).

You'll notice several sections waiting to be filled out. To edit any of these details, simply select the desired section from the left-hand menu, and edit the fields that populate.

Once you're done making any changes, remember to click on the red "Save Changes" button that pops up at the bottom of your screen.

## **Basic Info**

This section contains your Username\*\*, Heading, and Date of Birth\*\*.

You'll also select preferences regarding what you're looking for (Gender and Age).

### Basic Information

---

\*User Name  Stay safe, don't use your real name.

---

\*Heading  Add a short summary about yourself that will grab a member's attention.

---

\*Birth Date

---

Looking for  Men  Women

---

Preferred Ages 30 - 60+  Optional. Your preferred ages will appear on your profile, but users outside of your range can still message you.

### **::NOTE::**

\*\* After changing your **username**, please click outside of the "Username" field -- this is required before you're able to save the new changes. This triggers our system to compare the new username with all existing usernames, and ensure that it's not already in-use by another member.

- If it's already been used by someone else, you will receive an error message advising you of the issue.

- If no one else has taken the new username, you'll instead see a message stating "Good choice for a username" -- after which you'll be able to save your changes!

\*\* Your **Date of Birth** can only be changed one time. If you realize that a mistake was made and you're no longer able to edit this detail, please [reach out to Customer Support](#) for assistance.

We will ask for a photo or scanned image of your valid government-issued photo ID, displaying both a clear photo (matching that of the account holder) and a clear/legible date of birth. Other personal information on the ID can be blurred/crossed out if preferred.

## **Personal Info**

This section contains details specifically about you, including: appearance, education, occupation, relationship status, children, language, and smoking habits.

## Appearance

\*Height

\*Body Type

\*Ethnicity

Hair Color
