## What's the difference between a Standard and a Premium membership?

Customer Support - 2020-04-24 - in [SeekingArrangement](#)

As a **Standard** member on Seeking.com, you're given access to some great tools that can help you find what exactly you're looking for.

As a **Premium** member, you have access to these tools + a large variety of other useful resources!

## Attractive Members

### Using a Standard Attractive Membership:

- You must have at least one **public** profile picture and an approved profile to read or send messages.
- You can take advantage of the "search" feature
- You can view visitors and "favorite" lists

### Using a Premium Attractive Membership:

- You can communicate without a **public** profile photo, and even before your profile is fully approved
- Content prioritized during the profile/photo approval process
- Profile featured in "Search" and on the primary login page
- You can hide your "last login" date, time, **and** country
- You can list up to 3 profile locations
- Ability to share your Wishlist
- You can see if a member has read your messages
- You can see which members are Standard or Premium
- Access to advanced search filters such as: Net Worth, Income, and Lifestyle Budget

## Successful Members

### Standard Successful Membership:

- You can send 10 free messages\*
- You can take advantage of the "search" feature
- You can view visitors and "favorite" lists
  - \*Your 10 free messages will be available to your Standard Successful Member account once the profile has been

approved and includes at least one approved public photo.

**Note:** *The free messages cannot contain contact information of any kind and are moderated to ensure this information isn't passed along. Upgrading to a Premium Membership will allow you to send contact information freely without restriction, as well as being able to read the replies to any of your messages.*

### **Premium Successful Membership:**

- You can send and receive messages
- Profile featured on the member dashboard
- You can communicate without a profile photo
- You can hide your profile from our "search" feature **and** hide any activity information
- Content prioritized during the profile/photo approval process
- You can customize and save your favorite search filters
- You may request access to other users' private photos

### **Oops - I meant to register as a different account type!**

If your profile was accidentally registered under the incorrect membership type, please contact Customer Support for further assistance.

**NOTE:** *If you need to change your gender preference (i.e. what you're seeking), this can be done by simply editing the "Basic Info" field in your profile.*
